

INTRODUCING THE FX9 SERIES

CJay Trailers manufactures general-purpose cargo trailers and specialty trailers such as car haulers, snowmobile trailers, quad trailers, tool trailers and even customized office trailers. Single, tandem and triple axle trailers are available with a wide variety of axle carrying capabilities. Various rear door options are available, including cargo doors and spring assisted ramp doors. Side doors are standard on most models. Trailers are available with either bumper or gooseneck hitch design.
